

## **Fencing Guidelines for Alamanda**

Front fencing is not permitted to any street other than Alamanda Boulevard display village.

All boundary paling fences must be timber posts exposed to both sides of the Fence. Treated Pine Capping, Palings, Plinth and rails.

Boundary fences must finish 1.0m behind the main building line to enhance the front façade.

Fencing erected between the boundary fencing and the main dwelling must be of a material and colour that blends with the main dwelling and the surrounding street-scape. This is to be included a part of the approval submission.

*This information is supplied as a guide only, rules and regulations may change at any time without notice. Please consult the estate developers for more information regarding fencing rules and regulations.*
